

Trilo **S4** Vacuum Sweeper

## Trilo S4 Vacuum Sweeper

The all new Trilo Vacuum Sweeper S 4 is the machine to clean your open areas of litter, leaves or grass clippings. The new design is the result of many years of experience as the leading manufacturer in this market. In creating the S4 the design team have worked hard to meet the requirements of councils, contractors and greenkeepers in an economically challenging environment.

The S4 is manufactured using the latest production technology and great time has been spent ensuring that the final product reaches the market at an affordable price. However, it is a Trilo and there is never a compromise on quality where it matters! The S 4 has a high capacity fan giving it a high work rate and a large working width of 1.80 meters. The balanced fan wheel gives a reliable and above all a safe source of power. The impeller casing can be opened at the top and has an inspection trap in the lower section to allow easy cleaning. A 5 meter long Ø 250 meter long hand held wander hose make the S 4 suitable for a versatile use all the year round to clean hard to get areas.

The Trilo S4 is a powerful yet compact machine having wide tyres, which makes it perfectly suitable for use at places where manoeuvrability and low ground pressure are required. A mid-range compact tractor can be used to form an efficient, compact and economical combination with the machine. To cope with the amount of material collected in a 4 m<sup>3</sup> container, the machine also features a 2.15 meter high tip facility meaning it can unload into the back of a truck or skip, keeping downtime to minimum.

## Technical specifications

- Working width: 1.80 meter
  - Hp requirement: >31 Kw – 45 Hp
  - PTO: 540 rpm/min.
  - Height: 2.15 meter
  - Hydraulics: 1 double acting
  - Length: 4.60 meter
  - Tipping height: 2.15 meter
  - Width: 1.95 meter
  - Container: 4 cubic meter
  - Weight: 1650 kg
  - Tyres: 19 x 17
  - Turbine: Ø 850 mm
  - Wanderhose: Ø 250 mm
- Specifications subject to change without notice or obligation.
